October 2024

Hello Aldrich Families,

Greetings, and happy fall!

Although it has been unseasonably warm this fall, soon a familiar crispness will be in the air that assures us it is indeed time for crunching leaves, warm drinks and cozy sweaters. Learning opportunities for young children abound in autumn, and being outside is vital to our children's health and development. We all know the benefits of being outside and understand the reduction in stress we feel when we make the time to enjoy the outdoors. It also increases a child's attention span – so let's maximize these fall days.

I want to thank each of your families for the immense role you've played in keeping our school healthy this first month back to school. We are grateful for the contentiousness you've shown as you've kept your children home who have symptoms, and for your open communication with us. Thank you for your cooperation in our efforts, and for your understanding. We are so happy to be your partner in these important early learning years!

For the good of children,

Annie Getchell, Director

Why Play?

"Play is often talked about as if it were serious relief from learning. But for children, play is serious learning. Play is really the work of childhood."

-Fred Rogers

SAFETY REMINDER: It is listed in the Aldrich Parent Handbook that no child should be left unattended in a car. As the temperatures drop, it can be tempting to leave a comfortable or sleeping sibling behind while you run in "just for a minute." This decision does not come without serious risks to the child left alone. It is vital to choose safety over convenience, in accordance with the parental guidelines you agreed to when you enrolled at Aldrich. Children must always be supervised on Aldrich property.

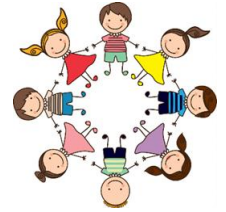

Halloween and Other Holidays

Halloween is quickly approaching, and we would like to pass along a few reminders regarding our holiday observance policies at Aldrich. Certain classrooms may have Halloween treats, stories, art, and songs. However, we do not wear costumes or masks as these can be frightening for some children.

In general, we do recognize holidays and participate in activities appropriate for the class. Preschoolers can experience overstimulation connected with holidays, so we try to keep school activities low key but meaningful. Whenever possible, we hope to incorporate the many different cultural celebrations of all our Aldrich families. We want to do this to affirm your family traditions and also provide an enriching experience for the class. Please consider visiting in person to share your family's traditions with your child's class, and plan with your child's teacher when you would be able to come. Anything that is special to your family is worth sharing and bolsters your child's self-esteem.

Looking for more time for your child at Aldrich?

Drop-In Spaces for our Extension Programs are available! If you are finding that you need a little extra time to run errands or attend appointments, check out these Extension options for children enrolled in our 3 and 4-year-old classes:

- **EARLY BIRD** allows an earlier start time for families who may need a more convenient drop off time. Children will be in Playroom 2 as early as 7:30am enjoying a relaxed atmosphere before their morning or full day session. Children are welcome to bring a small breakfast or a small snack will be served for those who don't pack their own. Daily drop in rate is \$20.
- **LUNCH BUNCH** extends the morning or afternoon session just over an hour. Pack a lunch for your child, and then morning children can be picked up by 12:15pm or afternoon children can be dropped off starting at 11:05am. Lunch Bunch will be held in Playroom 1. Daily drop in rate is \$13.
- **KIDS CLUB** extends the afternoon session by two hours so you can pick up your child by 5:00pm. Children will enjoy time in Playroom 2, and weather permitting, on the playgrounds as well. Art activities, group story-time, and snack are also included in this popular option. Daily drop in rate is \$16.

We hope that these programs will provide you with more options to find the right fit for your child and your family's needs. Stop by the Parent Information Center or Office for more information!

Visitor/ Volunteer Badges

If you are going to be volunteering or visiting at Aldrich, please stop by the front desk to sign in and put on a Visitor/Volunteer badge. This helps us keep track of who is in the building in case of emergency and also helps staff identify who has checked in the front office. A similar system is used in the Rochester Public Schools to help staff members identify volunteers and visitors. If you'd like more information on volunteer opportunities, talk with your child's teacher or visit the front office.

Helmholz Library

The Helmholz Memorial Library at Aldrich is located directly across from the front office! There are comfy spots to sit and enjoy a book or two with your child before or after their class session. Research has shown that reading with and out loud to children can improve their future educational success. Reading together also allows for a special bonding time.

Children must be supervised in the library. Directions for book check out are posted on the top center shelf, and books can be checked out and borrowed for up to 1 week. Kindly return your book on time so that our librarian can check in books for the next borrowing session.

Beginning in **October**, children will have an opportunity during their class time to check out a book every month from the library at Aldrich. This is a great opportunity for students to pick out a book from school to read at home!

Parent/Teacher Conferences

There is **NO SCHOOL** on Thursday and Friday, NOV. 7 & 8 which are all-school conference days. Most conferences will be held this day, but conferences may also be available on other days. More information will be coming soon from your child's teacher(s).

Conference time is your chance to discuss your child with the teachers. Don't pass it by! Remember that you are there to participate; be ready to share some insight about your child and his/her adjustments to school. The teachers will share more detailed information with you about their classroom and will be asking what you hope your child will experience while at Aldrich. Conferences typically last 10-15 minutes, and it is important to use the time well. We look forward to setting aside time to talk with parents about each special child here at Aldrich!

PREPARING FOR PARENT/TEACHER CONFERENCES:

When parents and teachers work together to try and provide the best environment for learning, the child stands to benefit the most. The following are some tips on how to make the most of those precious minutes:

- ***Be Prepared; Ask Questions.*** Come with a list of questions or topics that you want to cover.
- ***Consult your child.*** Ask if there is anything he or she particularly likes or dislikes about school.
- ***Share information.*** Parents and teachers should work as a team. You know more about your child than anyone else, and your teacher will be grateful for the added insight.
